MANAGEMENT AND IMPLEMENTATION				

⁸ The internal markers have been created to report on the implementation of the Commission's own policy priorities in areas where no DAC reporting tool is available. For the sake of consistency and comparability, the methodology is equivalent to the DAC markers, with three possible positions (main target, significant target, not targeted)

⁹ Methodology for additional tagging providing granularity on internal markers is under development. When a marker is Significant or Principal Objective, please also choose the the relevant yes/no tag.

¹⁰ This section should be in line with the indicative budget in section 4.5 (e.g. the amount of the third-party contribution as co-financing of grants should not be specified)
