<sup>2</sup> The internal markers have been created to report on the implementation of the Commission's own policy priorities in areas where no DAC reporting tool is available. For the sake of consistency and comparability, the methodology is equivalent to the DAC markers, with three possible positions (main target, significant target, not targeted).

<sup>3</sup> Methodology for additional tagging providing granularity on internal markers is under development. When a marker is Significant or Principal Objective, please also choose the the relevant yes/no tag.

<sup>4</sup> Migration per-se is not targeted by the Action but mainstreamed in relation to land-use planning and climate change displacement. Please refer to page 11 section on : Conflict sensitivity, peace and resilience. This is consistent with Opsys encoding.
