1.2 Summary of the Action

The action will create an enabling environment for the Global Gateway Investment Agenda (GGIA) roll out in Guatemala by focusing on strengthening Guatemala's e-government the digitalisation of public services and improving the effective management of public finances through digitalisation, among other. It will support e-governance and other digitalisation strategies in the public administration and the digitalisation of the public financial management system to increase good governance, efficiency and transparency in public spending and budgeting. The action will support the strengthening of the e-governance and e-government, the national cybersecurity and resilience of the public administration and financial systems, the development of a strong interoperability framework, data governance and digital information resources. This will contribute to the fight against corruption and increase much-needed revenues for development policies, critical infrastructure, public
