Allergies

Gluten free - Please let me know if you need gluten free bread instead of sourdough
Please let me know if there are any food allergies I should be aware of when you order.

Bones & Shell

Please bear in mind I used professionally hand picked fresh crab bought in from registered and licenced suppliers. By its nature the crab comes out from shell that is cracked to be able to remove the crab meat. There is always a chance of crab shell. It is a natural product.

Crevettes will need peeling, fish will occasionally have bones.

Ramekins can come frozen or defrosted. So let me know which you prefer.

Prawns are always 24 hours.

Everything is prepared fresh for your order.
