### "Streamlining City Council Meetings" Passes Unanimously

I am pleased to report that the proposed ordinance on streamlining council meetings was unanimously approved on Tuesday night. I introduced this council agenda item back in October asking city staff to examine ways to run our City Council meetings more efficiently. As I stated in our 10/19/18 newsletter, "with a third of the meetings lasting more than 6.5 hours this year, it is unfair to expect the public to wait through the proceedings to speak on important issues." This item has always been about providing the public with greater access and opportunities to participate in council meetings. The proposed ordinance will come back to council two more times prior to final approval.

## And Finally

## Goodbye to Prospector Pete

Last week, the CSULB 49er mascot, Prospector Pete, was replaced with a shark. We have not heard if the change will affect a related LBFD mascot. Fire Station 22, located at the N/E corner of the campus, has a firefighter mascot that bears a striking resemblance to Prospector Pete. A change might be possible, but it's hard to envision a shark wearing a fire helmet. Another feature of the Station 22 logo, just above the Walter Pyramid, is a pair of geese. We've heard they represent one of the challenges for the crews of Engine 22. When accidents on the 405 Freeway are reported with inaccurate locations, it can be a "wild goose chase" trying to find the vehicles.
