JULY 1, 2021 – CANADA DAY

On July 1, 1867, Canada became a self-governing dominion of Great Britain and a federation of four provinces: Nova Scotia, New Brunswick, Ontario and Quebec. The anniversary of this date was called Dominion Day until 1982. Since 1983, July 1st has been officially known as Canada Day.

This year, more than ever, Canada Day presents an opportunity to show solidarity, understanding and resilience.

WANDERING THOUGHTS

(aka Social Chatter !)

WELCOME SUMMER – even with temps falling to 4°C a night or two causing some local residents into covering their flower displays and veggies. Hopefully we don't have to experience readings such as this 'til at least September October would even be better!

While we are concerned about below normal low temps, we hear that parts of California, Nevada and Texas are in a heat wave – in the 43°C range – even the roadrunners are walking!

The Town flower pots were distributed around Town last Friday to businesses, etc. This year a dahlia is the centre spotlight edged with petunias and other fillers. Each recipient is responsible to water, fertilize and dead-head as required.

On “*cruising around Town*”, we see roses in full bloom – a couple that caught our eye were the yellow ones at 2nd Street - and we're sure there are more.

Also the hanging baskets and pots have been put out along Haldenby path joining the Parks – take time to enjoy.

Graduation 21 is a part of history – and even though because of COVID, normal plans could not be followed, the “near normal” was impressive. The light overcast skies and most acceptable temps made for pretty much ideal conditions for the parade. A few drops of rain threatened just as the parade ended.

The Town was perfectly manicured for the Grad – businesses and residents went “*above & beyond*” to make everything tidy and neat for all to see. Made us proud to call Wawota HOME – hey – where did that button come from?

Have you noticed crows and magpies around Town – even on lawns? Is it our imagination or are they less timid and much bolder – possibly seeking out small birds' nests or babies?

Do you realize that with the arrival of summer – and the longest day of the year, daylight hours will gradually begin to lessen – seems impossible but true – happens every year!

The 20th saw us into Step #2 of the Re-opening Plan – and even more exciting news – things are looking very positive for Step #3 effective July 11th – the news we've all been waiting for.

What do you think about all the incentives being offered (world-wide) to encourage people to get vaccinated – guess one does whatever it takes? Isn't it all about your own safety – and the safety of others?

Closing thoughts -

It's not about what's behind you – it's what is ahead of you that matters. After all, you don't drive with the rear view mirror.

For the past 18 months everyone had had to accept the adaptability of pandemic rules/changes – now we prepare to re-adapt to normal living

You asked ??

Question: Why are we having so many windy days this spring/summer?

Answer: If you've thought to yourself this spring seems windy even for southern Saskatchewan, that hasn't just been your imagination. What causes wind? It's actually temperature.

More specifically, it's differences in temperature. The winds are generated from the low-pressure systems that traverse across the prairies. The low-pressure systems are directed by the jet stream and the placement of the jet stream. They tend to follow the jet stream along because that's where the temperature difference between the really warm stuff to the south and the really cold stuff to the north is the greatest. Gases move from high-pressure areas to low-pressure areas. And the bigger the difference between the pressures, the faster the air will move from the high to the low pressure. That rush of air is the wind we experience. Think of the pressure in a blown up balloon, and you let the air rush out - the same thing happens. When pressure builds up in one place, the air rushes to another place where there is less pressure. Caused by uneven temps - Global Warming ??

BORING OLD RURAL TOWNS

This could be said of some towns some days – but such was not the case in Wawota last Saturday.

At 2 p.m. a Celebration of Life for the late Annie (Dorrance) Easton was happening at the United Church.

At the same time, a graveside service was taking place for the late Dan Nyeste (Winnipeg) at the Wawota Community Cemetery.

On a happier note, the Class of '21 of Parkland School were celebrating their Graduation – ceremonies in a large tent on the school grounds, then a parade at 4:30, etc.

Boring – NOT!

RED MARKET BARN REPORT

A previous commitment necessitated an early visit to the Red Market Barn to drop off News-in-Five on Sunday – also needed to check on management to make sure everything was in order!

By reports received, it was another (second of the season) well attended event with many vendors with a large variety of products.

The band “Old Habits” kept “*toes a’tappin*” – with their music – this popular group will be on stage again on July 18th and August 22nd – plan to check 'em out!

THANK YOU ...

- to Bev Lumen of Roseburg, OR, USA for her generous donation to News-in-Five.

- Also to Cheryl Weatherald of Regina for her donation – greatly appreciated.

A man passed out in a dead faint as he came out onto his front porch. When he regained consciousness, the paramedics asked him why he'd fainted.

“It was enough to make anybody faint,” he said. “My son asked me for the keys to the garage and instead of driving the car out, he came out with the lawnmower.”

SLOWLY – BUT SURELY

We are referring to the gradual return of entertainment at Care Homes and Seniors' Complexes.

Since May 2020, outdoors had to be the venue, however (weather permitting) it was the next best option.

On the 12th, we visited the Villa in Maryfield – great to see 6/7 former “Wawotians” plus everyone else. (A large orange and black butterfly was also in attendance for the whole hour flitting from flower to flower in the beautiful courtyard – maybe it was celebrating our return and theirs!)

On the 20th, we were in Moosomin to help a 100-year-old gentleman celebrate his special day. As an avid former dancer, he even did a couple of twirls around the floor! Upon leaving his comment – “*see you guys next year*” – what a special attitude!

Two days later saw us on our home turf at Deer View Lodge – and the next day at Kipling Long Term Care ... great to renew acquaintances – and meet new friends.

When you can think of yesterday without regret,
and of tomorrow without fear, then you are on
the road to success.

VOLUNTEERS NEEDED

With the summer months arriving soon, the Wawota & District Museum will be opening its doors for visitors and special events (depending on Covid restrictions) – Normal hours are July & August Tues to Fri 2 – 5 pm and Sat 2 – 4 pm and upon special request. However, for the first two weeks in July, we will only be open Thurs & Fri 2 – 4 pm and upon special request. Activities for children ages 5-12 will be Tuesday afternoons in July & August starting on July 13th.

But in order to keep the museum open, we need volunteer help. We need people to volunteer to be on the Museum Committee. And for those who don't want to be active on the committee, you can still help us out by volunteering to “mann” the museum on some open afternoons to welcome visitors, etc. or to help with children's events & special events.

To help us out, or for more information, contact: Shirley 306-739-2295 or Garry 306-739-2437.

RTR “Between The Crusts”

A few “specialty orders” came in last week (birthday pies) so the group decided to “strike when the iron is hot”/bake when the oven is on! Consequently, a few saskatoon, apple and peach joined the inventory – but only for a matter of hours – one order for 10 came in – Alberta-bound!

Scoop asked the “chief cooks” if they thought they had enough on hand to “meet supply & demand” – the answer ... NOT LIKELY!

We try to keep a variety at Moose Mountain Meats however a suggestion of “*how about a pie for dessert*” along with a meat purchase, obviously is proving to be successful!

Since our beginning (? Years ago), at least 13 different kinds of pies have been created – some more a success than others (favourites can change!).

Last week's Co-op flyer advertised a buttermilk pie – apparently very popular in some areas. Just wondering if they'll appear on the RTR menu?

Next planned “pie bake” July 17th in prep for Red Market Barn on the 18th.

Thank you to Kerry at KoRner Kones for donating us a huge supply of pie plates – much appreciated!

The trouble with doing something right the first time
is that nobody appreciates how difficult it was.

BEWARE OF FRAUD

Survey:

A vaccine survey is a new trick used by fraudsters to steal an individual's personal information. They send out emails or texts asking people to complete a survey about the Pfizer, Moderna or AstraZeneca vaccines and are offered a free reward in exchange.

Tips:

- Be cautious when opening email attachments or clicking links from unknown senders.
- Never give your bank account, credit card or personal information over the phone or email.
- Be wary of unexpected offers that sound "too good to be true".

Virus detected on your computer

The Computer Tech Support Scam occurs when fraudsters use various tactics such as phone calls or pop-up warnings to trick victims into believing there's a serious problem with their computer. To fix the problem, the victim is manipulated by the fraudsters into paying by gift/credit card or money transfer.

Tips:

- Don't click on any links or call the phone number that is shown on the pop-up warning and don't be fooled by convincing looking company logos.
- Hang up if you didn't expect the call.
- Don't give anyone control of your computer.

A recent study found the average Canadian walks about 900 miles a year. Another study found Canadians drink an average of 22 gallons of beer a year.

That means, on average, Canadians get about 41 miles to the gallon!

Kind of makes you proud to be a Canadian, eh?

Parenting Advice:

When punishing your kids, don't take away their electronic things. Take away their charger and watch the fear in their eyes as they use it less and less while the battery slowly dies.

HAIL INSURANCE

Saskatchewan Municipal Hail Insurance

A non-profit, municipal organization owned, operated & controlled by SK farmers since 1917, offering insurance for spot-loss damage caused by hail or naturally caused fires to any owner of land or lessee of Crown owned land in Saskatchewan.

- Interest-free credit until December 31st
- Early payment discounts
- No-hassle continuous coverage
- Indemnity limits up to \$300 per acre
- No-hassle continuous coverage; automatic renewal on May 15th
- File your crop report online at smhi.ca or at your local RM office
- June 30th is the last day for new applicants to apply for coverage.

Additional Municipal Hail Insurance

A subsidiary of SMHI established in 1924 to provide spot loss hail insurance coverage to anyone with an insurable interest in the crop.

- Buy alone or with SMHI
- Indemnity limits up to \$500 per acre (conditions apply)
- Coverage can be purchased on crops seeded on owned or leased land
- Payment options available – cash or credit, deferred payment, or promissory note
- Deadline to apply is August 1st

For all your HAIL INSURANCE needs, please contact: Cheryl De Roo
Ph. (306) 739-2545 or (306) 435-7640

SMHI - Saskatchewan Municipal Hail Insurance

Don't have hail insurance yet?

Did you know that new SMHI applicants have until June 30th to apply for coverage. No hassle continuous yearly coverage with indemnity limits up to \$300/acre and losses equal to or over 85 paid at 100.

AMHI – Additional Municipal Hail Insurance

Additional hail insurance is also offered by AMHI, a wholly owned subsidiary of SMHI. Additional insurance can top up SMHI coverage up to \$500/acre and can be added to rented or leased land where SMHI isn't available.

It's an excellent way to ensure you have proper coverage.

Deadline for AMHI additional hail is August 1st

"I had a wonderful dream yesterday," the man confided to a friend. "On a lovely, starry night I was sailing my boat with a beautiful, sexy blonde."

"Wow, great!" exclaimed the friend. "Tell me how it ended."

"Terrific! I caught a ten pound pickerel."

FUN FACT ...

Women spend more time wondering what men are thinking than men spend actually thinking.
